

CLOSET DESIGN WORKSHEET

CLOSET INVENTORY

- A quick inventory of your current closet will help us provide the most efficient layout.
- Please provide the inventory list per user, using the two columns provided.
- Please complete a separate inventory for each closet.
- Measure hanging items from top of the closet rod to the bottom of the garment.
- Folded items assume a width of 12". Please note exceptions.
- Please note the widths of non-standard or bulky items.

Traditional Woodworking LLC is located in the beautiful Connecticut River Valley of New Hampshire. Since 1990, we have been providing custom architectural woodwork for homes and businesses across a broad geographic area covering Cape Cod and Martha's Vineyard in Massachusetts to the Dartmouth-Lake Sunapee region of New Hampshire. Our team has distinguished itself from the competition by providing a superior product exactly as promised and always on schedule.
